

SCORE Communication deliverables CCI Drôme- Néopolis

Local information seminars: ECOBAT exhibition, Marseille – 21st to 23rd of October 2011

This exhibition is one of the most important event in the field of sustainable construction in south of France. It gathered 70 SME's and 5000 visitors.

The SCORE project was presented: a banner was showed and leaflets were distributed to the visitors. We explained the aims of the project.

Workshop with politicians – INEED – 12th of March, 2012

The opening of new educational workshops was the opportunity to educate politicians on the energy performance of the building and explain that the SCORE project and other European projects could bring. A workshop was organised.

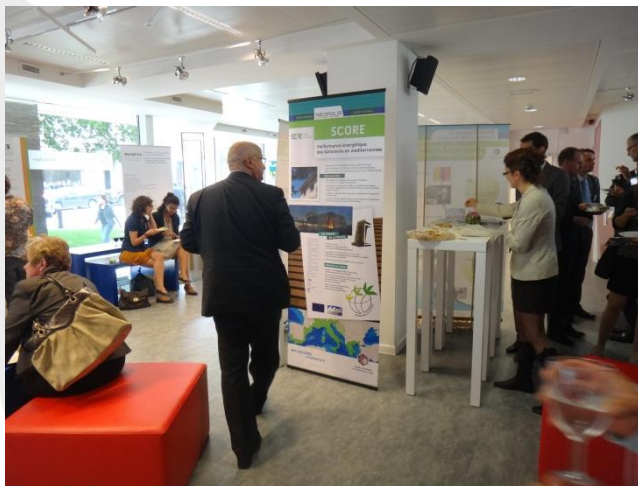

EUSEW – Bruxelles – 18th to 22nd of June, 2012

This event took place during the European Sustainable Energy Week – EUSEW 2012 at the premises of the Chamber of Commerce and Industry of the Rhône-Alpes region in Brussels.

It aims to present the best results of 6 European projects led by the training departments of CCI : Neopolis (Training for sustainable development of buildings and industries) and CFPF (Forestry Training).

We presented the SCORE project during a conference in the presence of European deputy Michèle RIVASI. We also organized a workshop at our booth and a time of sharing a cocktail.

Workshop on sustainable construction in straw and wood – Lyon – 21st of September, 2012

We organized in collaboration with the regional council a big event on sustainable construction and in particular the use of wood and straw for energy efficiency and grey energy reduction.

Almost 200 participants attended the meeting and the workshop. The website of SCORE was presented during the workshop.

Press conference – May 2011

The director of training department and the elected people of CCI joined me to present the SCORE project to journalists.

Three articles were published.
